To Whom it May Concern,

Valley Fire & Rescue has been serving southern Mason County since 1973. We are hosting our Second Annual Chili Cook-Off on November 1st, 2025, to provide funding to continue offering top notch fire suppression and technical rescue services to our community. An undertaking such as this is large for a 100% volunteer organization that operates on a tax driven budget. We are seeking sponsors to help us increase community outreach and provide a safe environment for our local community.
