## Words from the Chief:

As another quarter closes, we continue to make great progress with the organization. I am proud of our membership for stepping up and making great things happen. The number of both firefighting recruits and auxiliary recruits we have gained this quarter is amazing. Our membership is continually stepping up to achieve our goals as an organization and fulfill our vision. I would like to personally thank them for all they do to make this organization function. We will continue to grow over this last quarter of the year and make this a very successful year of growth and change for us. This upcoming quarter is extremely busy with activities, I am looking forward to meeting more of our community and spending more time with our membership as we watch this organization grow and prosper.

Our Chief officers rewrote the Mason County Fire Department Billing Authorization, proposed it to the County Commission and they are reviewing it. This will increase our cost recovery effectiveness and improve funding flow for maintenance and new equipment purchases.
